LeetCode

EDUCATION

B.Tech. in Computer Science and Engineering

Sardar Vallabhbhai National Institute of Technology, Surat

2023 – 2027

CGPA: 7.84

- **Key Coursework:** Computer Networks, Operating Systems, DBMS, Data Structures and Algorithms, OOP.

TECHNICAL SKILLS

- **Programming Languages:** Java, C/C++, Python, JavaScript, SQL
- **Web Development:** React.js, Next.js, Node.js, Express.js, Spring Boot, Tailwind CSS
- **Databases:** MySQL, MongoDB, PostgreSQL
- **Tools & Technologies:** Docker, Apache Kafka, n8n, Git, GitHub, Linux, Postman
- **Other Skills:** Payment Gateway Integration, API Development

PROJECTS

AI-Driven Threat Detection System (Bot Analysis)

Stack: Python, TensorFlow (CNN-LSTM), SHAP, React.js, FastAPI

- Engineered a hybrid **CNN-LSTM deep learning model** to detect synthetic identity fraud and malicious bot accounts, directly applicable to network threat intelligence.
- Implemented **SHAP (Explainable AI)** to audit model decisions, identifying key risk vectors in user behavior.
- Developed a real-time risk scoring dashboard to visualize threat levels and flag anomalies in high-dimensional datasets.
- Processed and analyzed complex temporal sequences to distinguish between organic human activity and automated scripts.

Collaborative Expense Manager

Stack: Java, Spring Boot, PostgreSQL

- Architected a robust **RESTful API with Spring Boot** to manage complex many-to-many relationships between users.
- Optimized **SQL schema** and query performance to handle concurrent transactions with strict ACID consistency.
- Integrated **JWT Authentication** and RBAC to secure sensitive user financial data.

Restaurant Online Order Platform

Stack: Next.js, Node.js, MongoDB, React, Razorpay

- Built a high-performance web platform using **Next.js**, leveraging server-side rendering (SSR) for low latency.
- Engineered global state management using **React Context** and integrated **Axios** for efficient API data fetching.
- Integrated **Razorpay Payment Gateway** (Webhooks) to process secure transactions and verify payments in real-time.

ACHIEVEMENTS

- Secured **2nd Rank** among 50+ teams in **Echelon**, a Cyber Security Hackathon organized by NIT Surat.
- Secured **2nd Rank** among 50+ teams in **HTT 3.0 Hackathon**, organized by GDGC NIT Surat.
- **Top 10 Finalist** in Techathon'25 at Adani Institute Gandhinagar.
- Achieved a global rank within the **top 15%** in LeetCode weekly contests.

CODING PROFILES

- **LeetCode** (tarang23): Solved **600+** problems.
- **Codeforces** (tarangkathiriya33): Max Rating: 1350.

POSITIONS OF RESPONSIBILITY

Junior Developer

Google Developer Groups on Campus, NIT Surat

- Collaborated with the technical team to organize workshops and build web solutions for campus events.

Representative & Mentor

Nexus, Department of CSE, NIT Surat

- Mentored junior students in programming fundamentals and assisted in organizing departmental technical events.
